

## Sponsorship Opportunities for the 2017 New Product & Technology Awards®

### Awards Program Background:

The 2017 *New Product & Technology Awards*® (NPTA) is the only competition of its kind to recognize fast-growing innovations in products, services, and technologies for older adults and their families. It is a companion to the 26-year old *National Mature Media Awards*™, the largest and most respected competition of its kind that annually recognizes the nation's best marketing and educational programs and materials for older adults. Visit [seniorawards.com](http://seniorawards.com) for details.

This 7th annual NPTA competition is organized by the *Mature Market Resource Center* (MMRC), a national clearinghouse for professionals who work in older adult markets. Other well-known MMRC programs include *National Senior Health & Fitness Day*® the nation's largest older adult health and wellness event always held the last Wednesday in May ([fitnessday.com](http://fitnessday.com)), and the *Mature Fitness Awards*®, the nation's first fitness recognition program for older adults ([fitnessday.com/mfa](http://fitnessday.com/mfa)).

A limited number of national sponsorship opportunities are available on a product/category-exclusive basis for organizations interested in reaching executives and professionals working in senior market fields.
